EDUCATION

Birla Vishvakarma Mahavidyalaya (BVM), Anand, Gujarat

Expected Graduation: May 2028

Bachelor of Technology in Computer Engineering

- CGPA: 5.25 / 10.00
- **Relevant Coursework:** Programming for Problem Solving, Database Management Systems, Digital Logic and Design, Computer Organization and Architecture, Web Technologies, Data Structures and Algorithms, Cloud Computing Fundamentals

WORK EXPERIENCE

AWS Cloud Computing Summer Internship

Summer 2026

Cloud Computing Intern |

- Successfully completed an AWS Cloud Computing Summer Internship program with hands-on lab exercises.
- Gained practical exposure to AWS services including **EC2, S3, IAM, Lambda, DynamoDB, RDS, and CloudWatch**.
- Performed cloud deployment, auto-scaling configuration, monitoring, and serverless computing exercises.
- Developed foundational knowledge of cloud architecture, security best practices, and resource management.

ACADEMIC PROJECTS

Personal Portfolio Website | *Next.js, TypeScript, Tailwind CSS, Framer Motion, Three.js*

2026 – Present

- Built a fully responsive, cyberpunk-themed personal portfolio using **Next.js 15** and **TypeScript**, deployed on Netlify.
- Integrated **Three.js** and **Framer Motion** for 3D particle globe animations, glassmorphism UI, and smooth page transitions.
- Implemented dynamic GitHub Stats cards, a typing animation hero section, and an interactive project archive.
- Achieved SEO optimization with structured metadata, Open Graph tags, and semantic HTML throughout.

AWS Cloud Lab Exercises | *AWS EC2, S3, IAM, Lambda, DynamoDB, CloudWatch*

2026

- Completed structured AWS Academy hands-on labs covering compute, storage, identity, and serverless services.
- Configured **IAM roles and policies**, launched EC2 instances, and managed S3 bucket permissions.
- Deployed serverless functions using **AWS Lambda** and monitored performance with **CloudWatch** dashboards.
- Gained practical experience in cloud security, auto-scaling, and cost-efficient resource management.

CERTIFICATIONS & WORKSHOPS

AWS Cloud Computing Summer Internship – Completion Certificate

- Earned completion certificate for AWS Cloud Computing Summer Internship with hands-on project work.
- Covered services: EC2, S3, IAM, Lambda, DynamoDB, RDS, and CloudWatch across guided lab modules.

Cyber Security Workshop

- Attended a Cyber Security Workshop focused on cyber threats, digital safety, and security awareness strategies.

Robotics Workshop

- Participated in a hands-on Robotics Workshop and earned a certificate upon successful completion.

DevOps Workshop

- Attended a DevOps Workshop and received a certificate while learning DevOps principles and CI/CD workflows.

AWS Community Day – CHARUSAT

- Participated in AWS Community Day at CHARUSAT and gained insights from industry experts and cloud professionals.

LEADERSHIP & COMMUNITY INVOLVEMENT

Open Source & GitHub Community

2026 – Present

- Actively maintaining a growing public GitHub portfolio (github.com/Ali288360) with academic and personal projects.
- Exploring open-source contributions and studying professional codebases to improve software engineering practices.

BVM Engineering College – Collaborative Academic Projects

- Collaborated with peers on semester projects involving web development, databases, and system design.
- Participated in technical workshops and cloud-computing events hosted within the university ecosystem.

SKILLS

2026 – Present

Languages: Python, C, C++, JavaScript, TypeScript, SQL, Java

Web Technologies: HTML5, CSS3, React, Next.js, Node.js, Express.js, Tailwind CSS, REST APIs

Cloud & DevOps: AWS EC2, S3, IAM, Lambda, DynamoDB, RDS, CloudWatch, Netlify, GitHub Pages

Databases: MySQL, PostgreSQL, MongoDB, Firebase

Tools: Git, GitHub, VS Code, Postman, Linux, Figma

Concepts: Object-Oriented Programming, Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, Software Engineering, System Design
